

## Accessibility Statement

From the Car Park at the front of the house, there are 20 steps to the front door, which is at the side of the house (please view picture of the guest house).

All bedrooms are on the first and second floor. We have no ground floor bedrooms.

Due to the nature of the walls of the building (plaster and lathe) en suites do not have grab rails as the surface is not strong enough to support these.

We are happy to accept hearing/seeing dogs.

For guests with sight or hearing difficulties we ensure that once we are aware of these issues we endeavour to provide a supportive environment.

Special dietary requirements can be catered for with prior notice. We ask guests to inform us of any allergies. We have a family pet dog that is confined to our quarters and does not have access to public areas.
